

# Sell ALL 3 OF THESE NEW ENGLAND Carbide-Tipped MASONRY BITS

...and YOU'LL SELL ALL MASONRY BIT USERS!

## FEATURING *Cyclo-twist*® ROTARY CARBIDE-TIPPED MASONRY BITS

The TOP QUALITY BIT FOR PROFESSIONAL USERS  
and those who PREFER THE BEST . . .

For drilling in ANY MASONRY from PLASTER to TILE (Not Vitrified)  
Sizes 7/64" to 1 1/2" diameter.

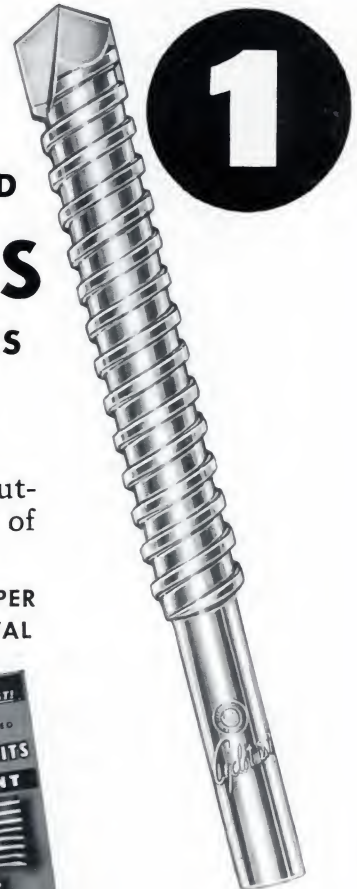

Drill more holes faster, easier and at a lower cost than by using out-  
moded steel star bits. The reasons why are in this combination of  
features found only in CYCLO-TWIST Bits:

- GROUND CUTTING EDGES • NO CARBIDE HANGOVER • CARBIDE TIP IS COPPER BRAZED FOR LONGER BIT LIFE • SPIRAL FLUTES ASSURE POSITIVE DUST REMOVAL FROM CUTTING ZONE • HEAT-TREATED, HIGH QUALITY ALLOY STEEL

For use in hand brace or any electric rotary drill.
